

AeroDefense Partner Program

Rising drone activity across sectors is driving strong demand for detection solutions, with the market projected to grow over 20% CAGR, worth \$20.31 Billion by 2030 (MarketsAndMarkets).

AeroDefense offers flexible partner opportunities designed to help you generate revenue while providing organizations with critical airspace awareness solutions.

Referral Program

- Earn 3% of the first-year contract value for every customer you refer.
- Payments issued once AeroDefense receives customer payment.
- Ideal for organizations that want to earn revenue without handling sales or implementation.

Reseller/Integrator Program

- Reseller purchases products from AeroDefense at a 10% discount off MSRP (Net 30), with the discount increasing based on sales volume.
- Reseller sells at MSRP or negotiates pricing with the end customer.
- Suitable for partners who want full control over sales and customer relationships.

How to Become a Partner

1. **Application** – Submit a partner application via your AeroDefense representative or reach out to Sales@AeroDefense.tech.
2. **Approval** – AeroDefense reviews your application to ensure alignment with our standards and market focus. We will likely set up a call to discuss your business and goals.
3. **Agreement** – Execute a partner agreement outlining program type, pricing, and terms.

Onboarding & Support

- Training – Access to Knowledge Base, sales training and enablement tools, and marketing resources.
- Technical Support – Installation guidance, technical documentation, and troubleshooting support.
- Sales & Marketing Assistance – Marketing materials, demo support, and lead-sharing options.

Installation

- AeroDefense systems are designed to be customer installable.
